

Photo Solutions is a local independently owned and operated company with over 32 years' experience specializing in family and private school photography. Our photo session schedule is designed to fit the needs of your operational schedule. We can custom design backgrounds to a theme or preference of your childcare center.

CUSTOMER SATISFACTION IS GUARANTEED

Customer satisfaction is our top priority. The Photo Solutions team strives to make you feel like part of the family by delivering quality service that we would expect our own family to experience.

PHOTO SOLUTIONS CAN TAKE CARE OF ALL YOUR PHOTOGRAPHY NEEDS

Individual and Group Portraits

- > All school ages infants through teens
- > Sibling and family portraits
- > Class and Staff pictures

Pre-Pay Program

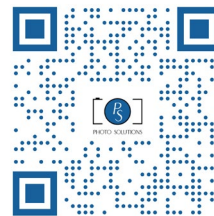

The pre-pay program is designed to allow our team to photograph only to customers who have paid in advance for portraits. This is typically applicable to class and/or staff pictures. Our guaranteed customer satisfaction policy is honored for this program. There is a three to four week turn around on the prints from the date of photography.

Printed Package Program

The pre-printed package program is our most popular and preferred program. This program offers printed packages of every child that was photographed to be viewed on site at the time of sale. The purchased pictures are ready to go home with families. There is a two week turn around on prints from the date of photography.

Proof Program

The proof program offers a 2x3 proof image of each child who was photographed attached to the portrait package order forms. These are delivered back to the school to be sent home with each child. The parents have two weeks to return the order form and proof with payment. Proof images must be returned whether a purchase is made or not. This is a five to six week turn around on the prints from the date of photography.
